

BLAST GLOVES

Among Syntech Distributors range of Surface Finishing Products for the Abrasive blasting market are Blast Gloves.

Made from heavy-duty yellow rubber in a gauntlet design are this range of Blast gloves shown below.

Available in 9", 10" and 11 " sizes.

Determining the size of blast glove for your cabinet can be as simple as measuring the diameter of the glove hole opening.

Most blast cabinet gloves fall within the range of the blast glove sizing above.

These Gloves can withstand an approximate temperature of 50°
