CONTAINERISED BLASTROOMS

SURFACE FINISHING SPECIALISTS

## CONTAINERISED BLASTROOMS

Syntech offer a number of containerised blast booth configurations from 10ft half size container through to 20ft and 40 foot booths.

Based on their sturdy construction shipping containers provide a perfect solution to an enclosure for creating a blastroom.

### Features can include:

- ◆ Partial to fully automatic Pneumatic Recovery Systems incorporating the “W” floor section recovery modules.
  
- ◆ In-line Dust Collection.
  
- ◆ Abrasive Reclaimer for continuous reclaiming, air washing and screening of abrasive.
  
- ◆ Storage hoppers for the collection of cleaned media ready for recharging of the blast hoppers.
  
- ◆ Blast Pots are offered in optional capacities and configurations depending on the desired application and blasting media selected and all come fitted with Deadman Control systems, blast hose, blast nozzle and fittings.
  
- ◆ Emergency access doors
  
- ◆ Internal Lighting
